A leave of absence is an approved and defined period of time during which a student is not participating in the requirements of his/her program. A student might request a leave due to an emergency, because of medical or psychiatric illness or in order to participate in scholarly research or educational programs. The school might also place a student on leave in accordance with specific academic policies. Any leave will have academic and/or financial repercussions, and should therefore not be undertaken without considerable thought, planning and communication with school and university staff and advisors.

The School of Medicine allows for the following types of leave:

- Personal
- Medical
- Emergency
- Administrative

Any student who takes twelve or more consecutive months of leave, regardless of type, must undergo a status review prior to returning to the program. The status review allows the Councils on Evaluation and Curriculum to make appropriate curricular and/or remediation recommendations guiding the student’s return to the School of Medicine.

Medical Leave

A medical leave of absence is defined as a period of time during which a student is medically unable, as certified by a treating physician or therapist who is not a family member or relative of the student, to fully participate in the program as required by School of Medicine Technical Standards. Medical leave is granted by the Chair of the Council on Evaluation and is subject to the approval of the Coordinating Committee and the Dean or his/her designee.

Any student seeking medical leave must follow the procedure outlined below. Any student failing to fully participate in the program without a documented leave risks meeting criteria for separation.

Any student requesting medical leave is personally responsible for ensuring the timely completion and submission of all required forms and supporting documentation, and for maintaining accurate course enrollment in the Pathway system. Requests for medical leave must coincide with the start of the month or academic term and conclude at the end of a month or academic term. Once granted, medical leave is counted in whole months away from the program and may extend a student in the program an equivalent amount of time to the leave. A student may request an extension of medical leave by submitting updated required forms and supporting documentation for review by the Council Chair. In accordance with university policy, any request for extension will not be granted beyond one year from the original leave date. Retroactive requests for medical leave are not permitted. Enrollment in any coursework, at any institution, while on medical leave is strictly prohibited. Students on medical leave are also ineligible to take any National Board of Medical Examiners (NBME) exam, including subject, board examinations and readiness assessment (i.e. CBSE, PBA) examinations. Upon return from leave, students must adhere to the schedule outlined by either the Council on Curriculum or the Council on Evaluation to complete outstanding NBME exams, including subject, board and readiness assessment (i.e. CBSE, PBA) examinations.

A student must return from medical leave when the treating physician or therapist identified in the original request for leave certifies that the student is ready to return to participate in the requirements of his/her program. The status review allows the Councils on Evaluation and Curriculum to make appropriate curricular and/or remediation recommendations guiding the student’s return to the School of Medicine.

Any student who takes twelve or more consecutive months of leave, regardless of type, must undergo a status review prior to returning to the program. The status review allows the Councils on Evaluation and Curriculum to make appropriate curricular and/or remediation recommendations guiding the student’s return to the School of Medicine.

Conditions for a Medical Leave of Absence

A medical leave of absence may be granted when a student has a verified medical condition, including psychiatric illness, which prohibits full participation in the program as defined by the School of Medicine Technical Standards.

It is inappropriate to request medical leave for any of the following reasons:

- The request is made in an attempt to avoid receiving undesirable grades in one or more courses
- The request is made in an attempt to gain additional time to prepare for coursework or examinations
- The request is made in an attempt to avoid meeting criteria for separation

Procedure for Requesting Medical Leave

1. The student completes the top of the SOM Provider Certification for Medical Leave of Absence form and submits it to the treating physician/therapist, along with the SOM Technical Standards document. Note that hospital family members/relatives, Emergency Room physicians and/or urgent care facility physicians are not accepted as providers able to certify a student’s need for medical leave.
2. The student completes the SOM Request for Medical Leave of Absence form and obtains the ETC, Docent and Council on Curriculum signatures.
3. The student completes the campus UMKC Request for Leave of Absence form and obtains all necessary signatures from Step 2 of that form.
4. The student submits the completed SOM Request for Leave of Absence and UMKC Request for Leave of Absence forms to the Council on Evaluation office no later than 30 days prior to the anticipated start of the leave.
5. Once the SOM Provider Certification for Medical Leave of Absence form, SOM Technical Standards document and supporting documentation is submitted to the Council on Evaluation by the care provider, the Council Chair will review the paperwork and render a decision upon the request.
6. If the request for medical leave is approved by the Chair, Council on Evaluation staff will forward the information to the Registrar’s Office for final processing and send an email notification to the student. The student must then facilitate any necessary change in enrollment in the Pathway system as a result of the leave.
7. If the request for medical leave is denied by the Chair, Council on Evaluation staff will notify the student and/or request any additional information necessary.
8. During any approved leave, a student is required to monitor his/her UMKC email address and keep in contact with his/her ETC.

Procedure for Returning from Medical Leave

1. To prepare for returning from leave, the student must complete the top of the SOM Provider Certification for Return from Medical Leave of Absence form and submit it to the same treating physician/therapist who originally certified the leave, along with the SOM Technical Standards document.
2. The student completes the SOM Request for Return from Medical Leave form and obtains the ETC, Docent and Council on Curriculum signatures.
3. The student completes the campus UMKC Request for Return from Leave form and obtains all necessary signatures from Step 2 of that form.
4. The student submits the completed SOM Request for Return from Leave and UMKC Request for Return from Leave forms to the Council on Evaluation office no later than 30 days prior to the anticipated return from leave.
5. Once the SOM Provider Certification for Return from Medical Leave of Absence form, SOM Technical Standards document and any supporting documentation is submitted to the Council on Evaluation by the care provider, the Council Chair will review the paperwork and render a decision upon the request.
6. If the request for return from medical leave is approved by the Chair, Council on Evaluation staff will forward the information to the Registrar’s Office for final processing and send an email notification to the student. The student must then facilitate any necessary change in enrollment in the Pathway system as a result of the return.
7. If the request for return from medical leave is denied by the Chair, Council on Evaluation staff will notify the student and/or request any additional information necessary. No student is permitted to return to the program or coursework without permission from the school.

Helpful information for completing the Medical Leave paperwork on the following pages:

✓ This packet of information contains both policy information and all required forms for medical leave.
✓ It takes four forms to go on medical leave, and four forms to return from medical leave.
  o To request leave, you must submit:
    ▪ SOM Request for Medical Leave form
    ▪ SOM Technical Standards document (you complete and submit this form to your care provider along with the SOM Provider Certification for Medical Leave form indicated below)
    ▪ UMKC Request for Leave form
    ▪ SOM Provider Certification for Medical Leave form (both this form and the SOM Technical Standards form should be submitted by your care provider directly to the Council on Evaluation as indicated on the Provider Certification form)
  o To return from leave, you must submit:
    ▪ SOM Request for Return from Medical Leave form
    ▪ SOM Technical Standards document (you complete and submit this form to your care provider along with the SOM Provider Certification for Medical Leave form indicated below)
    ▪ UMKC Request for Leave Return form
    ▪ SOM Provider Certification for Return from Medical Leave form (both this form and the SOM Technical Standards form should be submitted by your care provider directly to the Council on Evaluation as indicated on the Provider Certification form)
✓ The same care provider certifying your need for medical leave must certify your ability to return to the program.
✓ Emergency Room physicians, family members/relatives and/or urgent care providers are not permitted to complete the Provider Certification. Emergent and/or urgent issues should be brought to the attention of the Associate Dean for Student Affairs for consideration.
✓ Remember to stay in close contact with your ETC and Docent while on leave.

Because of our obligation to ensure that patients receive the best medical care possible, certain abilities are required of our students. All students of medicine must possess those intellectual, emotional, mental, and physical capabilities which are necessary to participate fully in the curriculum and which are essential to achieve the levels of competence required by the faculty.

Candidates for the medical degree must demonstrate the ability to work as an effective member of the health care team and must be able to observe and perform a variety of procedures. Intact sensory and motor functioning is required for accurate observation and the competent performance of procedures. Candidates must be able to observe and evaluate a patient accurately, at a distance, and close at hand. This necessitates the functional use of the senses of vision, hearing, touch, and sometimes smell. A candidate must be able to communicate effectively, to hear and to observe patients in order to elicit information, to describe changes in mood, activity and posture, and to perceive nonverbal communications. The candidate must be able to communicate effectively in oral and written form. Candidates must have sufficient sensory and motor function to elicit information from the physical examination by palpation, auscultation, percussion and other diagnostic maneuvers, in a timely manner.

Problem solving is a critical cognitive skill demanded of physicians, and it requires the intellectual abilities of measurement, calculation, reasoning, analysis and synthesis. In addition to these skills, a candidate must possess the high moral and ethical standards demanded of physicians and the emotional health required for full utilization of his or her intellectual abilities, the exercise of good judgment, the prompt completion of all responsibilities attendant to the diagnosis and care of the patients, and the development of mature, sensitive and effective relationships with patients.

Because of the above essential functions, the School of Medicine strongly discourages the use of surrogates to perform these functions as a reasonable accommodation for persons with disabilities. While each application is reviewed individually, it is necessary that each degree candidate himself or herself be able to observe and perform each task required by the curriculum of the school. Similarly, the school does not consider the waiver of required examinations a reasonable accommodation for individuals with learning disabilities. Learning-disabled students, when appropriate,* may be granted additional time on required examinations and may be examined in separate testing facilities or accommodated in other reasonable ways, but they will not be exempted from the requirement to take and pass such examinations. In addition, they will not be provided more opportunities to complete coursework or required examinations than given to the other students. All students must adhere to the course or clerkship syllabus and all of its requirements.

*Contact the UMKC Office of Services for Students with Disabilities for information regarding definition and documentation of learning disabilities.

Request for Leave of Absence

Please refer to the leave of absence policy in the UMKC Catalog for further information regarding this process.

Eligibility requirements for requesting a leave of absence:
1. Be a degree seeking student
2. Be registered and enrolled in classes for the current term
3. Be eligible to enroll and be in academic good standing, on probation, or on continuing probation with your academic unit
4. Have submitted all outstanding high school or transfer transcripts if conditional admission was granted for the student to enroll for the previous semester
5. Provide a personal statement and official documentation for why a leave of absence is being requested

Fee refund schedule – Students who request a leave of absence in the middle of a term are subject to the established fee refund schedule. Students who wish to petition for an exception to the refund policy will need to attach the form to their leave of absence request. Students should follow the normal procedures for withdrawing from classes.

Deadline for requesting a leave of absence – No later than the fourth week of the first semester of non-attendance

Leave of absence duration – A leave of absence will be granted for a maximum of two semesters (e.g. Fall and Spring or Summer and Fall). A student can request an extension for his or her leave of absence; however, the request for an extension cannot extend more than one year beyond the original date requested. Students who do not return by the date noted on their approved leave of absence form and who are not granted an approved extension will be required to reapply for admission to UMKC through the Office of Admissions.
