Policy on Continuous Quality Improvement

OBJECTIVE

To ensure a high quality medical education program.

LCME ELEMENT – 1.1 Strategic Planning and Continuous Quality Improvement

A medical school engages in ongoing planning and continuous quality improvement processes that establish short and long-term programmatic goals, result in the achievement of measurable outcomes that are used to improve programmatic quality, and ensure effective monitoring of the medical education program’s compliance with accreditation standards.

SCOPE & APPLICABILITY

This policy governs the Office of Assessment and Quality Improvement as it carries out the coordinated processes that the school uses to collect and analyze data on an ongoing basis which is provided to councils and committees at the school to assist them in achieving long and short-range programmatic goals.

POLICY

- The UMKC School of Medicine engages in ongoing planning and continuous quality improvement processes that establish short and long-term programmatic goals, resulting in the achievement of measurable outcomes that are used to improve programmatic quality, and ensure effective monitoring of the School of Medicine’s educational programs’ compliance with accreditation standards.
