

**University of Tennessee at Martin**

Catalog Year  
Reviewed    Accepted

*Anatomy and Physiology*

ZOOL 251                      Human Anatomy and Physiology                      2015-2016                      YES

*Biochemistry*

BCHE 411                      Cellular and Comparative Biochemistry                      2015-2016                      YES

*Biology with Lab*

BIOL 130                      Foundations of Biology: Ecology, Evolution, and Diversity (with Lab)                      2015-2016                      YES

BIOL 140                      Foundations of Biology: Cell and Molecular (with Lab)                      2015-2016                      YES

*General Chemistry I with Lab*

CHEM 121                      General Chemistry (with Lab)                      2015-2016                      YES

*General Chemistry II with Lab*

CHEM 122                      General Chemistry (with Lab)                      2015-2016                      YES

*Medical Terminology*

BIOL 300                      Medical and Scientific Vocabulary                      2015-2016                      YES

*Organic Chemistry I with Lab*

CHEM 341                      Organic Chemistry (with Lab)                      2015-2016                      YES

*Organic Chemistry II with Lab*

CHEM 342                      Organic Chemistry (with Lab)                      2015-2016                      YES

*Physics I with Lab*

PHYS 211                      College Physics (with Lab)                      2015-2016                      YES

PHYS 220                      University Physics (with Lab)                      2015-2016                      YES

*Physics II with Lab*

PHYS 212                      College Physics (with Lab)                      2015-2016                      YES

PHYS 221                      University Physics (with Lab)                      2015-2016                      YES
