

UMKC School of Medicine
Saturday Academy

Recommendation Form

The UMKC School of Medicine will again host Saturday Academy, a free program for students in 6th through 12th grade. The goal of the program is to provide enrichment in math and science, and further develop test-taking strategies and study skills. This preparation is especially important for students interested in entering a career in healthcare or another science-intensive area of study. These skills are also necessary for students wanting to prepare for college.

STUDENT: Please complete your name and birthdate before emailing or providing this form to the recommender.
