

Admissions Policies and Procedures

Graduate Programs

UMKC School of Medicine

Admissions

1. Each graduate program in the SOM shall have a defined process for student selection and admissions.
 - a. The process will be documented in writing and undergo review by the graduate council every 3 years for feedback and or recommended approval.
 - b. Admissions procedures will be coordinated with the SOM Office of Admissions.
 - c. Program specific student admissions requirements will minimally be compliant with UMKC graduate student admissions requirements.
 - d. Each program director along with the Assistant Dean for Graduate Studies will ensure accurate information is available to prospective students in the UMKC graduate catalog and on UMKC websites.
