

Cardiovascular Disease Fellowship
Key Contacts

We look forward to your interview with us. The fellows are planning a dinner the evening before your interview. This will give you time to meet the current fellows and ask them any questions you may have about our fellowship. I would ask that you RSVP of your intention to attend. Information about your host and dinner location will be provided after hearing back from you. If you have any questions about your upcoming interview please contact Jeanette, and if you have questions about the fellowship please feel free to contact any of the fellows listed below. We are excited to meet you and hope you enjoy your time with us!

Jeanette Wheeler, Coordinator
