

Osteopathic Recognition Curriculum Requirements

Eligible Residents who are Osteopathic Designated Residents will complete the following curriculum over the three years of residency as outlined below:

- Complete Kansas City University OMM Workshop & Assessment.
- Satisfactorily progress through the Osteopathic Recognition Milestones during residency.
- Participate in all required Osteopathic Education activities including and not limited to;
 - Clinics
 - Didactics
 - Formal and informal assessments
 - Osteopathic journal club
 - Osteopathic focused scholarly activity

In addition to the required Osteopathic curriculum MD residents who were eligible for Osteopathic Designation upon matriculation of residency must also complete additional requirements during residency with the intent to round out their Osteopathic training including:

- Complete 60 hours of OPP Continuing Medical Education, approved by the UMKC Family Medicine Director of Osteopathic Education and Program Director achieved through any of the following: CME courses, didactics, elective rotations, etc. focusing on clinical application.

Alternative pathway:

Any residents who do not choose to participate in the Osteopathic Designation are still welcome to participate in any aspects of the Osteopathic Curriculum. Our program recognizes the value of Osteopathic Education especially as relates to the practice of Family Medicine and wish to invite those who are interested to participate at some level. Although they will not be eligible for Osteopathic Recognition, participation is actively encouraged for all residents.
