

# POLICY MEMORANDUM

---

**Policy No. 11**

**SMOKING ON UNIVERSITY PROPERTY**

---

September 20, 2006

The purpose of this memorandum is to publish the official University and School of Medicine policy regarding smoking on University Property. This memorandum replaces all previous School of Medicine smoking policies, effective October 1, 2006.

1. Smoking is prohibited in all university vehicles and buildings (except private housing).
2. Smoking will be permitted only in designated areas outside university facilities.
3. The entire Hospital Hill campus is designated as smoke-free. No smoking is permitted anywhere on the property, including surrounding buildings, parking lots and driveways immediately adjacent to buildings. However, the employees and students of the School of Medicine will be permitted to smoke in the restricted location of the east side of the back dock. Smoking in this area by other than students or School of Medicine employees is strictly prohibited.
4. Compliance with University and School of Medicine smoking policy is the responsibility of each employee and student.
5. Deans, Directors and supervisors will be responsible for enforcement of this policy within the School of Medicine. Reasonable efforts to enforce this policy must be made by each supervisor.
6. Information on smoking cessation and/or smoking cessation programming is available to all university employees and students through UMKC Student Health and the Counseling Center.
