DUE PROCESS (4.4.b.) ACGME Institutional Requirements

GMEC approved December 19, 2024

4.4.b.) The Sponsoring Institution must have a policy that provides residents/fellows with due process relating to the following actions regardless of when the action is taken during the appointment period: suspension, non-promotion, or dismissal. (Core)

A. ACADEMIC DEFICIENCIES

- 1) A Resident has the right to request a review of any Reportable Action recommended by the CCC in a Notice of Reportable Action. The purpose of this review is to determine if, when the basis for the Reportable Action is Academic Deficiencies, sufficient documentation is present to warrant academic concerns, to determine if the Resident has previously had the opportunity for remediation, and if this Policy and Procedure has been substantially followed.
- 2) The Resident must request a review in writing or by email directed to the PD within five (5) business days of the date of receipt of the Notice of Reportable Action. If a request is not timely made, the decision of the CCC shall become final and the PD shall notify the Associate Dean for GME of the Reportable Action.
- 3) If the Reportable Action is suspension or dismissal from the Program or if there are concerns for patient safety, and the Resident timely requests a review, the CCC may remove the Resident from all clinical duties and place the Resident on a paid leave of absence, but in its discretion may allow the Resident to continue with the didactic curriculum until the review process is completed.
- 4) Upon receipt of a timely request for review from the Resident, the PD must provide a copy of the request for review to the Associate Dean for GME and the CCC Chair.
- 5) The Associate Dean for GME will select three members of the GMEC not faculty in the Resident's Program; these three members will constitute the Review Committee. The Associate Dean of GME will notify the PD and the Resident of the identity of the members of the Review Committee as soon as reasonably possible.
- 6) Within ten (10) business days of receipt of notification of the members of the Review Committee, the PD must provide the Resident and the members of the Review Committee the following materials:
 - a. All information related to the basis for the Reportable Action.
 - b. A written report from the CCC summarizing the rationale for the recommendation for the Reportable Action.
 - c. Copies of all Notices of: Academic Deficiency; Failure to Remediate; Proposed Reportable Action; and Reportable Action issued to the Resident.
- 7) Within ten (10) business days of receipt of notification of the members of the Review Committee, the Resident must provide any materials that the Resident wants the Review Committee to consider to the Review Committee members, the Chair of the CCC, and the PD.

- 8) It is expected the review will occur as quickly as reasonably possible and will be scheduled within fourteen (14) business days of the date the materials are received by the Resident, Chair of the CCC, PD, and Review Committee members. The Review Committee will schedule the review in conjunction with the schedules of the Resident, Chair of the CCC, PD, and Review Committee members.
- 9) The Review Committee, in its sole discretion, may extend the time for materials to be provided and for the date of the review.
- 10) During the review:
 - a. The Resident shall have the opportunity to present his/her perspective and respond to any questions from the members of the Review Committee. The Resident will meet with the Review Committee alone; however, an Advisor may be present with the Resident during the meeting, but the Advisor may only act in an advisory capacity to the Resident and may not otherwise actively participate in the review. The Resident shall notify the Review Committee if an Advisor will be present and the identity of the Advisor at least five (5) calendar days prior to the meeting.
 - b. Following the meeting with the Resident, the PD and/or Chair of the CCC shall have the opportunity to present their perspectives and respond to any questions from the members of the Review Committee. The PD and/or Chair of the CCC shall meet with the Review Committee independent of the Resident.
 - c. The Review Committee may request additional materials or the opportunity to talk with other individuals. If any additional review materials are requested, they must be provided to the Review Committee, Chair of the CCC, PD, and the Resident within five (5) business days, unless the Review Committee grants an extension.
 - d. Upon receipt of any additional materials:
 - i. The Resident must have the opportunity to respond to the Review Committee regarding the additional materials, in writing, within five (5) business days of the receipt of the additional materials.
 - ii. The Review Committee may request another meeting with the Resident (either after receipt of the additional materials and/or receipt of the response to the additional materials by the Resident).
 - iii. The Review Committee may request another meeting with the PD and/or Chair of the CCC.
 - e. A final decision from the Review Committee shall be rendered within five (5) business days of the conclusion of its meetings and review of all materials requested.
 - f. The Review Committee may:
 - i. Adopt or modify the Reportable Action recommended by the CCC and the Reportable Action becomes final.
 - ii. Request further review by the CCC based on defined issues or questions. The CCC must review the issues or questions from the Review Committee and render a final recommendation to the Review Committee within fourteen (14) days of the date of the Review Committee's request. The Review Committee will then render a final decision.

- iii. The decision of the Review Committee must be provided in writing to the Resident, the PD, the CCC Chair, and the DIO.
