[Access your unofficial transcript in Pathway.](#)

By [USucceed](#), February 5, 2013 8:27 am

Unofficial transcripts can now be accessed through student self-service in Pathway. The process generates a PDF of the document which is emailed to your UMKC email account. There is no cost for this service.

To request the unofficial transcript, login to Pathway and select **Self Service > Student Center**. Then click the “**other academic**” drop down list selecting **Unofficial Transcript**.

PLEASE NOTE: the process will not work if there are any active holds on your student account that prevent the release of a transcript, such as financial holds or loan exit holds.
