EDUCATION

Saint Louis University, Saint Louis, MO
Master of Medical Science, Physician Assistant Studies
Dec 2012

Creighton University, Omaha, NE
Bachelor of Science, Biology
May 2010

Midwest AIDS Teaching and Education Center
2018-2019 Clinician Scholar
Sept 2019

- A one-year course of study designed for minority-serving, front-line clinical care providers to increase the capacity of clinicians to diagnose, treat, manage, and prevent HIV/AIDS.

PROFESSIONAL EXPERIENCE

KC Care Health Center, Kansas City, MO.
May 2017 to Jan 2023

Physician Assistant, General Medicine & HIV Medicine

- Provided primary care at a Federally Qualified Health Center (FQHC) to people of all ages including acute illness, chronic conditions, and women's health.
- Practiced HIV medicine including prescribing anti-retroviral treatment, diagnosing and treating opportunistic infections, and providing preventative services for individuals living with HIV.
- Gained expertise in Pre-exposure prophylaxis (PrEP) and Post-exposure prophylaxis (PEP) to prevent transmission of HIV.
- Practiced LGBTQ -competent healthcare, including gender-affirming hormone therapy.

Lincoln Community Health Center, Durham, NC.
April 2013 to March 2017

Physician Assistant, Family & Adolescent Medicine

- Provided primary care at a FQHC to medically underserved and complex patients.
- Developed and implemented a diabetes clinic for the clinic's most challenging diabetic patients.
- Worked with a diverse patient population including immigrants, refugees, and homeless individuals.
- Served as clinic manager at a comprehensive adolescent School Based Health Center (SBHC) for 20 months.
 - Accomplished 40% increase in patient visits and 15% increase in vaccination rates.
 - Earned clinic award at Sexual Health Initiative for Teens (SHIFT) NC 2015 Conference for providing exceptional sexual health care for adolescent and young adults.
 - Lobbied at the state level for contraception in SBHCs.

Sarah M. Potter, MMS, PA-C, AAHIVS

The Center for Personalized Education for Physicians

Aug 2016 to March 2017

Physician Assistant Consultant

- Promoted quality patient care and safety by enhancing the competency of physician assistants.
- Performed structured clinical interviews to evaluate participant medical knowledge, clinical judgment and reasoning, and patient care documentation.

TEACHING EXPERIENCE

University of Missouri—Kansas City Physician Assistant Program

June 2019 to Feb 2020

Adjunct Assistant Professor

- Coordinate and provide instruction for the didactic phase of the physician assistant program curriculum.
- Collaborate with other faculty to implement an array of teaching and evaluation strategies including facilitating patient case-based exercises and small group learning opportunities, writing and editing exam questions, and teaching physical exam skills.
- Lecture on various topics in cardiology, endocrinology, and mental health modules.

Physician Assistant Preceptor

Sept 2018 to Jan 2023

- Work closely with physician assistant students in clinic during 4 week rotations to ensure they develop skills and clinical judgment necessary to become a practicing physician assistant.

Guest Lecturer

2018 to Present

- Deliver annual lectures on sexual health, transgender healthcare, and HIV in primary care.

Hillside Healthcare International, Punta Gorda, Belize.

March to May 2017

Physician Assistant, Medical Preceptor

240 hours

- Provided primary and acute care to people of all ages in the Toledo District of Southern Belize, an area with extremely limited medical resources.
- Served as a preceptor to medical and physician assistant students in diverse clinical settings including mobile clinics while visiting rural communities.

VOLUNTEER/INTERNATIONAL HEALTH EXPERIENCE

Creighton University Water Quality Program, Dominican Republic

June 2009 to June 2010

Research Assistant and Program Leader

- Educated rural communities on health and clean water, performed laboratory work, and collected data on the efficacy and sustainability of water filters.
- Presented results at the 2010 Global Health Education Consortium conference in Cuernavaca, Mexico.
