

Ruby Obaldo Meierotto, M.D.

Breast Radiology, Saint Luke's Cancer Institute
Clinical Associate Professor, University of Missouri-Kansas City Medical School
110 NE Saint Lukes Blvd, Suite 300, Lee's Summit, Missouri 64086
(816) 347-4957; rmeierotto@saint-lukes.org

Education

Women's Imaging Fellowship

University of Southern California
Los Angeles, California
Department of Radiology
July 2007 – June 2008

Radiology Residency

University of Kansas Medical Center
Kansas City, Kansas
Department of Radiology
July 2003 – June 2007

Internal Medicine Internship

University of Kansas Medical Center
Kansas City, Kansas
Department of Internal Medicine
July 2002 – June 2003

Medical Education

University of Texas Medical School
San Antonio, Texas
July 1998 – May 2002
Doctor of Medicine

Undergraduate Education

Trinity University
San Antonio, Texas
September 1994 – May 1998
Bachelor of Science in Biochemistry

Employment

Employed Physician, Saint Luke's Physician Group
4321 Washington Suite 1000
Kansas City, Missouri 64111
July 2008-present

Licenses and Certifications

Board Certified by the American Board of Radiology June 2007

[National Provider Identifier](#) Number: 1467526665, July 2008-present

Kansas, # 31335, issued June 11, 2005, active

Missouri, # 2008013457, issued May 20, 2008, active

DEA active in states of Missouri and Kansas

California, # A 97649, issued October 6, 2006, expired 2008

CME Lectures

What Makes a Patient High-Risk and What to Do About it?

Second Annual Breast Symposium

Saint Luke's Cancer Institute

Kansas City, Missouri

September 2016

To Screen or NOT to Screen

Controversies in Screening Mammography Recommendations

Grand Rounds

Saint Luke's Hospital

Kansas City, Missouri

December 2015

To Screen or NOT to Screen

Controversies in Breast Disease

Inaugural Breast Symposium

Saint Luke's Cancer Institute

Kansas City, Missouri

November 2015

New Advances in Mammography

2015 Annual Fair

Greater Kansas City Oncology Nursing Society

Kansas City, Missouri

September 2015

Screening for Breast Cancer

2013 Cancer Update for Primary Care Providers

The Research Foundation

Overland Park, Kansas

October 2013

3D Mammogram and Automated Breast Ultrasound

2012 Fall Radiology Technologist Conference
Missouri Society of Radiology Technologists
Hosted by Saint Luke's North Hospital
Kansas City, Missouri
September 2012

Breast Cancer in Young Women

2011 Spring Radiology Technologist Conference
Missouri Society of Radiology Technologists
Hosted by Saint Luke's Northland Hospital
Kansas City, Missouri
March 2011

Update in Detection of Breast Cancer

2010 Winter Continued Medical Education Seminar
Hosted by Kansas City University of Medicine and Biosciences
Kansas City, Missouri
December 2010

Current Recommendations for Breast Cancer Screening in High Risk Individuals

2009 Winter Continued Medical Education Seminar
Hosted by Kansas City University of Medicine and Biosciences
Kansas City, Missouri
December 2009

Breast Magnetic Resonance Imaging

2009 Fall Radiology Technologist Conference
Missouri Society of Radiology Technologists
Hosted by Saint Luke's Northland Hospital
Kansas City, Missouri
October 2009

Breast Implants

2009 Fall Radiology Technologist Conference
Missouri Society of Radiology Technologists
Hosted by Saint Luke's Northland Hospital
Kansas City, Missouri
October 2009

Placenta, Umbilical Cord, Cervix, and Twin Gestation

Radiology Resident Conference
University of Kansas Medical Center
Kansas City, Kansas
May 2009

Women's Imaging 2007 – Review and Update in Breast Imaging
Far Eastern University 28th Annual Reunion and Scientific Convention
Chicago, Illinois
August 2007

Clinicopathologic Conference
Far Eastern University 27th Annual Reunion and Scientific Convention
Houston, Texas
July 2006

Educational Lectures for Residents

Breast Imaging Lectures
Radiology Resident Conference
University of Missouri-Kansas City Department of Radiology
Kansas City, Missouri
August 2010 - Ongoing

Breast and Women's Imaging Lectures
Radiology Resident Conference
University of Missouri-Kansas City Department of Radiology
Kansas City, Missouri
September 2008 – April 2010

Breast and Women's Imaging Lectures
Radiology Resident Conference
University of Southern California Department of Radiology
Los Angeles, California
August 2007 - May 2008

Fetal Genitourinary and Fetal Musculoskeletal
Radiology Resident Conference
University of Kansas Medical Center
Kansas City, Kansas
May 2009

Fetal Thorax and Fetal Gastrointestinal
Radiology Resident Conference
University of Kansas Medical Center
Kansas City, Kansas
May 2009

First Trimester Ultrasound and Fetal CNS

Radiology Resident Conference
University of Kansas Medical Center
Kansas City, Kansas
April 2009

Fetal Ultrasound Resident Board Review

Radiology Resident Conference
University of Missouri-Kansas City Department of Radiology
Kansas City, Missouri
February 2008

Community Lectures

3D Mammogram and the Importance of Early Detection

Stansberry Leadership Lectures for the Lee's Summit School District
Lee's Summit, Missouri
October 2017

Breast Cancer Early Intervention – Why Get a Mammogram?

Blue Springs Fieldhouse Health Fair
Blue Springs, Missouri
September 2017

Saint Luke's East Hospital New Breast Center

Saint Luke's Foundation Ambassador Program
Lee's Summit, Missouri
November 2016

Technological Advancements in 3D Mammography Technology for OB/Gyn Physicians

Hologic Sponsored Dinner
Kansas City, Missouri
April 2016

3D Mammogram

Graceway Baptist Church Survivors' Celebration
Kansas City, Missouri
October 2015

Scholarly Activities

Research Support (Co-PI: Dr. Meierotto)

Ongoing Research Support:

R01 CA207445 (Behbod)
03/09/2017 - 02/28/2020

NIH

Identifying the Molecular and Cellular Basis of Invasive Phenotype in Human DCIS

Major Goals: The purpose of this grant application is to improve the MIND models by mimicking the natural microenvironment of human DCIS in mice. Our ultimate goal is to increase the translation application of the DCIS MIND models.

R01CA172764 (multi-PI: Cheng & Behbod)
09/01/2013 – 08/31/2018

NIH/NCI

Progression of DCIS to invasive breast cancer through CCR2 chemokine signaling

Major Goals: To elucidate the role of CCR2/CCL2 signaling in DCIS progression to invasive breast cancer.

Role: Co-PI

RSG-13-182-01-CSM (Cheng)
07/01/2013 - 06/30/2017

Am Cancer Society

Barriers to Breast Cancer Treatment Due to CCL2/CCR2 Chemokine Signaling

Major Goals: To understand (1) the role of CCR2 expression in breast cancer progression using mouse models, and (2) the mechanisms of CCR2 signaling in breast cancer cell survival and invasion.

Role: Co-PI

R21 CA187890 (Behbod)
09/01/2014 - 08/31/2017

NIH

Elucidating Cellular Heterogeneity Among Cancer Stem Cells by Raman Spectroscopy

Major Goals: to evaluate the use of Raman Tweezer Spectroscopy for sorting and characterizing tumor initiating cells by the expression of unique intracellular molecular composition. This new technology is expected to enable further enrichment of the most aggressive tumor cells and facilitate the future design of anti-cancer therapies for their eradication.

Role: Co-PI

P30CA168524-suppl (Jensen)

03/03/2017 - 06/30/2017

NIH (suppl. to KU Cancer Center award)

MIND Models for Therapeutic Drug Testing Against Luminal B Breast Cancers

Major Goals: 1. To establish at least 5 unique ER+ MIND xenograft models by intraductal injection of epithelial cells derived from patients' luminal B breast cancer (HER2 negative) 2. To evaluate Ribociclib (LEE011; Novartis), a CDK4/6 inhibitor in combination with Letrozole, an aromatase inhibitor, in ER+ HER2 negative luminal B breast cancers.

Role: Co-PI

Recently Completed Research Support:

R21CA185460 (Behbod)

05/01/2014 - 04/30/2017

NIH/NCI

(no cost extension)

Essential Role of BCL9 in Promotion of Human DCIS to Invasive Ductal Carcinoma

Major Goals: To evaluate the role of nuclear vs. cytoplasmic BCL9 in promotion of DCIS invasive progression and in the formation of a DCIS pro-invasive stromal microenvironment by recruitment of macrophages.

Role: Co-PI

P30 GM11076102 (PI: Hanzlik)

08/01/2014 - 06/30/2019

NIH/National Institute of General Medical Sciences

Project: *Center of Biomedical Research Excellence in Protein Structure and Function*

(Pilot Project PI: Behbod)

07/01/2015-06/30/2016

Subproject: *Crystal Structure determination of STAT3/BCL9 Complex*

Major Goals: to characterize binding interactions between BCL9 and STAT3 by x-ray crystallography and then use fragment screening to identify chemical compounds to interfere with this binding. The long-term goal is to find therapeutic strategies for prevention of breast cancer non-invasive to invasive progression.

Role: Co-PI

R21CA187890 (Behbod)

08/26/2014 - 08/25/2016

NIH/NCI

Elucidating cellular heterogeneity among cancer stem cells by Raman Spectroscopy

Major Goals: To utilize Raman spectroscopy combined with flow cytometry in order to perform intracellular molecular profiling of cancer stem cells.

Role: Co-PI

No number (Behbod)

08/01/2014 - 07/30/2016

Breast Cancer Research Foundation - AACR Translational Breast Cancer Research
Essential Role of BCL9 in Promotion of Human DCIS to Invasive Ductal Carcinoma

Major Goals: 1) Evaluate BCL9 as a biomarker for DCIS with high risk of progression; 2) Evaluate the role of BCL9 in DCIS progression to invasion in animal models of disease; 3) Assess effects of pharmacologic inhibition of BCL9/ β -catenin interaction on DCIS progression to IDC.

Role: Co-PI

ACR Case in Point: Bilateral Round Ligament Varicoceles

Verma R, **Obaldo RE**, Johnson M
USC Department of Radiology
September 29, 2008

UTHSCSA Radiology Department

The University of Texas Health Science Center Radiology Department has been studying the effectiveness, methodology, and complications of radiofrequency ablation as a treatment of hepatic malignancies. I assisted in compiling data from 137 patients to investigate the complication of biliary dilatation after radiofrequency ablation treatment. January 2001 – August 2001

UTHSCSA Radiology Department

I helped construct the body imaging teaching file by entering patient data information and digitalizing images (approximately 150 cases).
January 2001 – August 2001

Awards/Other Accomplishments

1. “Top Doctor Award 2016” awarded by The Leading Physicians of the World
2. “Top Doctor Award 2015” awarded by The Leading Physicians of the World

3. "America's Top Physicians 2009" awarded by the Consumer's Research Council of America
4. Nominee for the American Roentgen Ray Society Clinician Educator Development Program April 2009
5. University of Southern California Department of Radiology Fellow of the Year 2007-2008
6. First Prize Caffey Award at the Society of Pediatric Radiology Annual Meeting 2007 - "Neuroimaging of Nonaccidental Trauma: Characteristic Findings, Pitfalls, and Controversies"
7. Red Ribbon Poster Award RSNA 2005 - "Combined PET/CT and Diagnostic CT Studies: Initial Experiences and Lessons Learned"
8. Friends of Rose Brooks Center Award 2007
9. KUMC Department of Radiology Quality Control Committee 2003-2006
10. Blue Ribbon Poster Award Solution Interaction of Macromolecules 1998 - "Linker Histone Dependent Stabilization of Chromatin Folding"
11. Alpha Lambda Delta (National Academic Honor Society)
12. Blue Key National Honor Society
13. Gamma Sigma Alpha (National Greek Academic Honor Society)
14. Trinity University Sophomore and Junior Academic Scholarships
15. Trinity University Most Accomplished Senior in Bio/Chemistry 1998
16. Denton High School Valedictorian 1994

Society Memberships

Member, **American Association for Women Radiologists**, 2008-present
Member, **American Medical Association**, 2008-present
Member, **American Roentgen Ray Society**, 2006-present
Member, **Radiological Society of North America**, 2005-present
Member, **Society of Breast Imaging**, 2008-present
